

- Dissolves stubborn dirt and grease
- Effective removal of old wax and polish
- In depth cleaning without damaging the surface
- Ensures good bond for any subsequent treatment

Product

Highly concentrated deep cleaning agent.
For cleaning of most washable surfaces.

Coverage

1 litre per 20 – 40 m²

Packaging

1 litre and 2½ litres container

Applications

For cleaning of terrazzo, vinyl, laminated plastic, ceramic tiles, etc. prior to fixing of new tiles.

Ideal for in depth cleaning prior to subsequent treatment with other cleaning and maintenance agents, such as Alfix Floor Polish and Alfix Floor Cleaner. Also suitable for final cleaning of new build.

For cleaning of older floors, it is recommendable to use mechanical washing machine and water absorbing device.

Any after treatment should be done immediately upon using Alfix Deep Cleaner.

Do not use on surfaces where a full gloss appearance is required.

Instructions for use

Dilute Alfix Deep Cleaner with water 1:10.

Apply the solution to the surface. After a working time of 5 - 10 minutes, scrub the surface and rinse thoroughly with clean water.

Leave the floor to dry.

For ordinary, every-day cleaning: 70 ml per 10 litres of water.
