

- **Cleaning and maintenance in one operation**
- **Enriches tile colour and structure**
- **Rapid pore filler smoothing rough surfaces**
- **Produces anti-static slip-retarding protection film**

Product

Combined cleaning and maintenance agent.
Contains natural wax.
Suitable for use on all washable floorings.

Coverage

Routine cleaning: ¼ - ½ dl per 10 litres of water.

Packaging

1 litre container

Applications

For regular cleaning and maintenance of e.g. terracotta, unglazed ceramic tiles, marble, and natural stone and for surfaces treated with Alfix Floor Polish.
Further for pore filling of absorbent surfaces.

Instructions for use

Pore filling:

Dilute Alfix Floor Cleaner with water 1:5 – 1:10. Apply and wash well into the surface.

Do not rinse subsequently with clean water.

Once the surface is dry, a sheen or a semi-gloss appearance can be obtained if dry polishing.

Cleaning/maintenance:

Add Alfix Floor Cleaner to the washing water.

Regular dosage is ¼ - ½ dl per 10 litres of water.

Cleaning

Film can be removed with Alfix Deep Cleaner.
